Brody, Parker. 2019 (under review). (Un)supervised morphological segmentation for low-resource languages. *Language Documentation and Description*.

CONFERENCES

"A computational phylogenetic account of the diachronic development of Pama-Nyungan verb conjugation classes." Paper to be presented at SYNC, 2019, New York University, New York.

"Morphological exceptionality and pathways of change: Multiple exponence in Kiranti." 93rd Annual Meeting of the Linguistic Society of America (LSA), January 4, 2019, New York City, New York.

TEACHING

2016–2019 Yale University

Fall 2019 Teaching Fellow, "Quantitative Linguistics"

Spring 2018 Teaching Fellow, "Illusions of Language"

Fall 2017 Teaching Fellow, "Language and Computation I"

Spring 2017 Teaching Fellow, "Natural Language Processing"

Fall 2016 Teaching Fellow, "Formal Foundations of Linguistic Theory"

2013–2014 University of Kentucky

Spring 2014 Primary Instructor, "Composition and Communication II"

Fall 2013–Spring 2014 Graduate assistant, Go Teacher Scholarship Program

Fall 2013 Primary Instructor, "Composition and Communication I"

PROFESSIONAL

2019–present Diachronica

Editorial assistant. Responsibilities include revision and style edits for journal articles, coordinating communication with authors throughout the publication process

2018–present Lausanne Business Solutions

Linguistic consulting on a variety of Natural Language Processing projects, including development and localization of models of natural language for a Fortune 100 technology company.

2015–present Yale Historical and Pama-Nyungan Lab

Collaboration on research projects focused on the prehistory and modern features of Pama-Nyungan languages and issues in historical linguistics.

2017 SYNC 2017 Conference Organizing Committee

Oversaw abstract submission, review, acceptance, and scheduling; Chaired Morphology session; Logistical and technical support for the conference.
